JOB DESCRIPTION

Job Title:	Lecturer/Senior Lecturer in Public Health
Grade:	Lecturer/Senior Lecturer
School:	Health Sport and Bioscience
Campus:	Stratford
Responsible to:	Head of Health and Nursing
Liaison with:	University staff, students, NHS, local employers, other organisations, schools and colleges

Job Purpose

- To teach on a variety of modules across the Department, primarily, but not exclusively, in Public Health
- To contribute to the management and administration of modules and programmes.
- To undertake research and knowledge transfer within the area of Public Health
-

Main Duties and Responsibilities

- To teach on a variety of modules at all levels across the School
- To develop modules and programmes with the Department
- To contribute to research, consultancy, knowledge exchange and scholarly activity in public health.
- To act as personal tutor to a number of students
- To attend assessment boards as necessary
- To contribute to the recruitment and admissions process
- To represent the School on various internal and external committees in consultation with the Head of School
- To liaise with: local feeder schools and colleges; NHS; employers and other organisations.

- To take an active part in or contribute to the development of health initiatives associated with local opportunities and civic engagement.
- To undertake other such duties as may be assigned by the Dean or designated nominee.
- To work within the University's equal opportunities policy
